

# Community Report

## Wera CarePoint UGANDA - ID: UG2616

Wera CarePoint is found in the Central-Eastern part of Uganda, approximately 385 kilometers from Kampala, the capital city. The local population is predominately indigenous Iteso, who speak Ateso. This farming and cattle herding community has been the subject to cattle raids from neighboring communities leading to the loss of cattle assets and the disruption of the local economy. Our first tailoring school was started in Wera. Additionally we have successful oxen projects and just recently opened our first peanut butter production facility to help alleviate severe malnutrition within the community. We work with approximately 185 children at this CarePoint.

## HOME VISITS

8

Home visits are an essential aspect of CarePoint outreach and community impact because empowering families is a step toward empowering communities. Caring for the whole child means also understanding how to support that child's family or guardian.

Staff visited 8 children, 4 girls and 4 boys. These were children being monitored so as to ensure their participation at school and some were being followed at the place where they do their industrial training as they wait for start up tools and graduation at the CarePoint.

## SUCCESS STORY FROM THE MONTH

### AKOL MARY

Mary is 23 years old born and married in amoru village, Amuria district--"I am attending a skills training at the peanut butter house and making sweaters, this has contributed to my physical change, life and family since the peanut butter boosted the immunity of my child and she is now healthy. I am grateful to Children's HopeChest for equipping me with the skills and I can now earn a living.

Glory to God for Children's HopeChest, Wera has improved the life and immunity of my child with the peanut butter"

"Glory to the almighty God, and to our dear sponsors for Wera Carepoint now has a multi purpose building for office block and hall for children,"says Revrant Emiru Max

### SURVIVE

#### Feeding

Children were fed once during this month as staff engaged them in letter writing.

### THRIVE

#### School visitation and school fees payments

Staff visited 10 schools, 5 Primary Schools, 2 technical and 3 secondary schools, this was routine termly monitoring and follow up of children enrollment and daily attendance. School fees was paid for university and tertiary children and some primary and secondary children, with the education fund.

### SUCCEED

There was no succeed activity during the month.

### CULTURAL CELEBRATIONS

- Some children and community members had Ash Wednesday celebrations held at the catholic cathedral on 6th March, 2019.

### COMMUNITY OUTREACH

- Staff identified 2 malnourished children and provided them with supplementary diet, peanut butter so as to boost their immune system.

### DISCIPLESHIP LESSONS

#### The home for righteous.

- Children learnt that it's only God that can
  - Proverbs 18:10 (The lord is like a strong tower, the righteous run to him and get saved) - Psalms 121:1-8. (I look to the mountains; where will my help come from?)
  - Isaiah 26:4 (Trust in the lord forever; he will always protect us.)

## PRAYER REQUESTS

The CarePoint is showing progress, so we want to thank God and our sponsoring community.

#### OUR PRAYER REQUEST IS THAT YOU WOULD PRAY:

- Pray for provision in the CarePoint especially as the CarePoint is overcoming its negative so that it will meet all planned activities.
- Pray for good health among among staff and CarePoint children.
- Pray for the rains to come for people to be able to plant crops.
